Audi A4 Cabriolet (2006-2008) review | Auto Express

The Audi A4 Cabriolet is all about understated elegance. It's smooth, refined, has a well designed interior and comes with some fine petrol and diesel engines. This car is an updated version of the model that was launched in 2001 but gets a fresh look (new lights and a wide front grille), an improved drive and several new, more powerful, engines.

The A4 is quite a polluting model. With an average of 219g/km CO2 across the range, its emissions are a touch high for a sports cabriolet. However, it's worth noting that the line up has a high number of diesel models, bringing the average down and giving buyers more choices of low-emission versions.

audi a4 convertible. Audi 's A4 compact executive range transformed the image of the whole brand. Previously, Audi's were rather dull but efficient cars. The A4 arrived in 1996 and launched the idea of Audi as an upmarket brand, selling on looks, prestige and technology. In the second and third incarnations of the acclaimed A4, a cabriolet version was produced too. The first arrived in 2003, finally replacing the

This A4 Cabriolet can be distinguished from its predecessor by its single-frame grille and more shapely headlamps but a subtle redesign of the rear lights altered the rear view too. Audi continued with a soft top roof, arguing that the engineering compromises required to fit a folding hard top would force designers into all sorts of other knock-on issues regarding weight and packaging.

Review: Audi A4 Cabriolet (2006 – 2009) | Honest John

Launched in the final days of 2001, the Audi A4 Cabriolet was a massive technical stride ahead of its predecessor. It was also good enough to be considered a model in its own right, sharing not one body panel with the Audi A4 saloon. Customers were initially offered a choice of 2.4-litre or 3.0-litre models in front-wheel drive or Quattro form.
