D-Day, RAF's D-Day involvement. On the 6 June 1944, Allied Forces launched the invasion of German-occupied western Europe, one of the greatest operations of all time, the D-Day Normandy landings. The historic assault, an unprecedented military and logistic endeavour, was carried out along the Normandy coastline of France – the American troops assaulting the beaches codenamed Utah and Omaha, and the forces under British control landing on Gold, Juno and Sword.

RAF's D-Day involvement | RAF Benevolent Fund

D-Day, 6th June 1944, the greatest invasion fleet ever seen crossed the English Channel. It sailed to success under the umbrella of the combined might of the Royal Air Force and United States Army Air Force, the largest and arguably most successful air force ever gathered. For months the Royal Air Force had been preparing for the invasion. Attack

D-Day and the RAF

By dawn on D-Day, Bomber Command had sent over a thousand heavy bombers to smash the beach defences in and around the invasion zones with over 5,000 tonnes of bombs. On the day of the invasion itself, 5,656 RAF aircraft were involved and 1,800 RAF personnel (along with 456 RAF vehicles) landed ashore, side-by-side with the infantry.

D-Day and the RAF - Scott Addington

Several " national " RAF squadrons were raised and participated on D-Day: Dutch squadrons flying Mitchells, Polish Mosquitoes, Belgian Spitfires or Norwegian Sunderlands. The RAF had trained them to the highest standard and, united, they achieved victory on D-Day. Aircraft types in our collection that served on D-Day: RAF Museum London:

d-day directive On 17 April 1944 the Allied Supreme Headquarters issued a directive which stated the primary mission of the heavy bombers prior to Overlord, namely the destruction of the Luftwaffe ' s air combat strength and the disruption of rail communications to isolate the designated invasion area in Normandy.

D-DAY AND THE AERIAL BATTLE FOR NORMANDY | Imperial War ...

In June Allied strategic bombers were shifted from petroleum and industrial targets in Germany to support the invasion. Before dawn on D-Day, RAF Bomber Command assigned a hundred planes to each of ten German coastal batteries behind the British beaches. The U.S. Army Air Forces flew 8,722 sorties on 6 June, losing seventyone aircraft to all causes. Ninth Air Force medium bombers performed splendidly at Utah Beach, where B-26s and A-20s destroyed most of the German heavy guns and mortars.

D-Day: Airpower - History

The RAF Association was sad to learn of the death of Group Captain Ken Parfit (96), a D-Day veteran who was awarded France ' s highest honour for his contribution to the allied invasion of Normandy. Soon after being evacuated from his Hertfordshire home to Norfolk during the Battle of Britain, Ken took up a place on an engineering and astronomy course at Glasgow University.
