8 Fancy Hand-Lettering Ideas That Are Actually Easy

In my experience, a lettering design can translate to a more successful, cohesive design if it's restricted to one or two distinct styles. Choose lettering styles that mirror the emotion. So while it's a good idea to choose lettering styles that are different in style (sans serif, serif, blocky, script, calligraphy, etc), it will work best if your lettering pairs have a similar feel.

6 Hand Lettering Tips For Creating Your Own Card

Calligraphy is writing with a single pass to create written art, hand-lettering is a composition created with drawn letters, and typography uses prefabricated and designed letters. Essentially, hand-lettering is the illustration of letters that come together to create a single, unified piece.

Hand lettering design: 40 stunning examples to inspire you ...

Often what I do is to use two or three different font styles in my lettering. That's why tracing will help you because it actually builds the muscles in your hand the more you write. You will improve the more you work at it. God is the ultimate creative and most of us have more ability to be creative lying dormant inside of us than we realize.
